Explanation of Charges:

- Facilities Charge:** A recurring monthly charge that recovers the fixed cost of providing electricity.
- Energy Charge:** A charge for the amount of electricity supplied during the billing cycle that varies with your usage measured in kilowatt-hours.
- Power Cost Adjustment:** It is the difference between the actual cost of producing a kilowatt-hour and the budget cost as evaluated on an annual basis.
- Demand Charge:** Calculated using the single hour during the month when the customer uses the most electricity.
- Operation Round Up:** A voluntary contribution to Coastal Electric Cooperative Foundation, where bills are rounded up to the next whole dollar to assist with the food, shelter, health, safety, and education needs in the community. It helps groups and individuals. The Foundation does not pay power bills. Your average annual contribution is about \$6.
